Mini K.G. – 2021 - 2022

From the Principal's Desk...

Dear Parents,

Wish you a very happy and prosperous new year. We welcome your child to our Mini KG and hope to have him/her with us till 10th.

The pre-primary age is a crucial one in the development of the child, and hence a development approach rather than an educational approach is adopted while teaching them. Our syllabus is based on the project method. Emphasis is given to the child's interest, experience, age, attention span and level of understanding. We expose children to a wide choice of activities. We inculcate a sense of discipline for character development and promote all round development.

Here are some pointers to help you and your child:

- Help your child look forward to school.
- Talk about it in a friendly, positive way so that your child will think of it as a happy place.
- Discuss school activities, school friends, new experiences and new things to learn.
- If your child expresses doubts or fears, don't disregard them. Try and answer all their questions in a positive, reassuring way and let your child know there will be friendly people to help them.
- Remember, your own attitudes and reactions will go a long way towards determining how your child feels about school.

Regular School timings (Monday to Friday)

Morning shift : 8.00 am to 11.30 am

Afternoon shift : 12.30 pm to 4.00 pm

Please check our website www.kaveri.edu.in (Pre-Primary School section) in the **first week of May** for Date of Orientation for Parents, Date of Commencement of school and for Uniforms, School Bag, Stationary etc.

Principal
